WORK EXPERIENCE 4.5 + YEARS UI DEVELOPER

may-2022–march 2024

Six Sigma Softsolutions pvt ltd clients of TCS (1.10Year)

Designation: UI Expert

RESPONSIBILITY / *HTML, SCSS, CSS, JavaScript, ReactJS*

Create responsive and adaptive web pages using HTML, CSS, and JavaScript.

Develop new user-facing features using React.js.

Build reusable components and front-end libraries for future use.

Ensure code and components are well-structured and maintainable.

Optimise applications for maximum speed and scalability.

Implement best practices for web performance, including lazy loading and code splitting.

Collaborate with designers, product managers, and other developers to deliver high-quality products.

Translate UI/UX design wireframes into high-quality code. Ensure the technical feasibility of UI/UX designs.

Identify and fix bugs in the application. Debug and resolve front-end issues to ensure a smooth user experience.

Write clean, efficient, and well-documented code. Implement and maintain front-end testing frameworks and practices.

Work with RESTful APIs to fetch and display data in the application.

Ensure seamless integration between front-end and back-end services.

Ensure the application is compatible with various devices and browsers.

Implement mobile-first design principles for a better user experience on mobile devices.

Follow best practices for HTML and CSS to enhance accessibility (e.g., using ARIA roles, semantic HTML).

Use Git for version control and collaboration. Manage code branches, pull requests, and merge conflicts effectively.

August-2019–march 2022
Plexasys Solutions Pvt Ltd, Nagpur (2.7years)
Designation: Sr. UI developer

RESPONSIBILITY/ *Figma, HTML, SCSS, CSS, JavaScript, Jquery*

Create responsive and adaptive web pages using HTML, CSS, and JavaScript.

Ensure that web pages are responsive and adapt to different screen sizes and devices.

Write modular and reusable styles using SCSS (Sass).

Leverage SCSS features like variables, nesting, mixins, and functions to streamline the styling process.

Develop reusable and maintainable UI components.

Ensure components are styled consistently according to design specifications.

Optimize CSS for better performance and faster load times.

Implement best practices for efficient styling, such as minimizing render-blocking CSS and using critical CSS.

WORK EXPERIENCE 8.4 + YEARS WEB DESIGNER
